

ArchiveMASH

Fast, Affordable, and Defensible
Data Migrations

ArchiveMASH™ is Bluesource's second generation archive migration software. Built for speed, ArchiveMASH™ allows Bluesource to deliver migrations faster than ever before, supporting scores of platforms.

Legally Sound

ArchiveMASH™ satisfies even the strictest regulations by maintaining a full chain of custody. It tracks metadata and identifiers for all messages, including exceptions.

When requested, the Bluesource migration team serves as experts by providing testimony or affidavits to back up the migration process.

Exceptional Features

- Filter by Date Range and/or Custodian
- Customizable Reporting
- Direct Conversions for Most Platforms
- Multi-threaded Tasking
- Shortcut Conversion Included
- No Obligation Pilot
- Modern Technologies

The ArchiveMASH™ Process

Bluesource manages the entire migration process from start to finish. Our dedicated migrations team installs and configures ArchiveMASH™, and delivers the migration until all data has reached its final destination.
